Swingarm has been lengthened about 10 inches

There is a good chance that Jaden, Nathan and Jeffrey Schnep, (and their team, the Mohawk Mulisha) will be a part of hillclimbing for many years to come. Hailing from Ontario, Oregon, the Schnep Family is proof that little guys can climb big hills too, and their new, stretched, and paddled KTM 50 Auto is ready to go to work in the mini pro class, along with a modified Yamaha YZ85. The boy's parents, John and Brandy Schnep want to thank everyone for their help in helping to get their boys into the great sport of hillclimbing.
